

GREEN TAXONOMIES

And the Role of Regulators

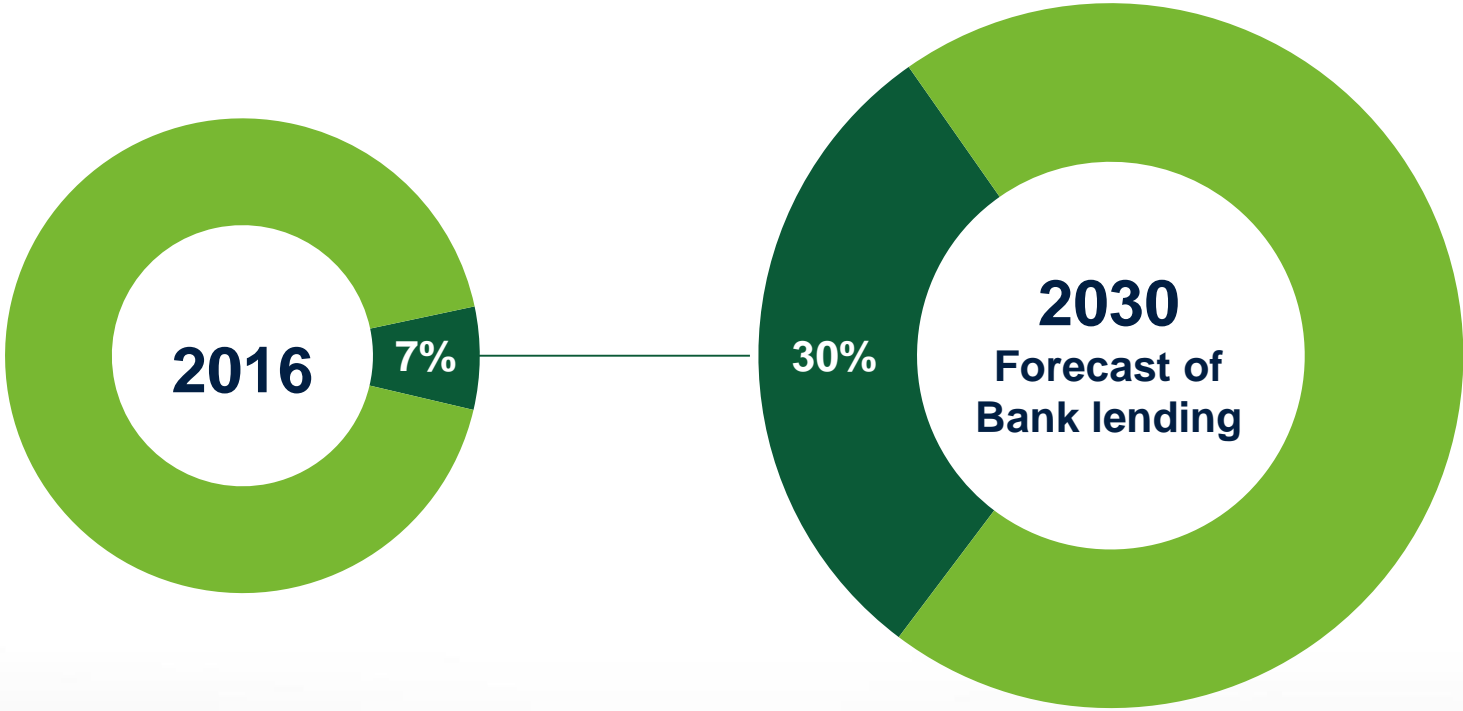

November 2018

Green bank loans need to grow

- Bank loans
- Bank lending for climate

**Banks are ready and willing...
But need support**

ukrgasbank

eco·bank

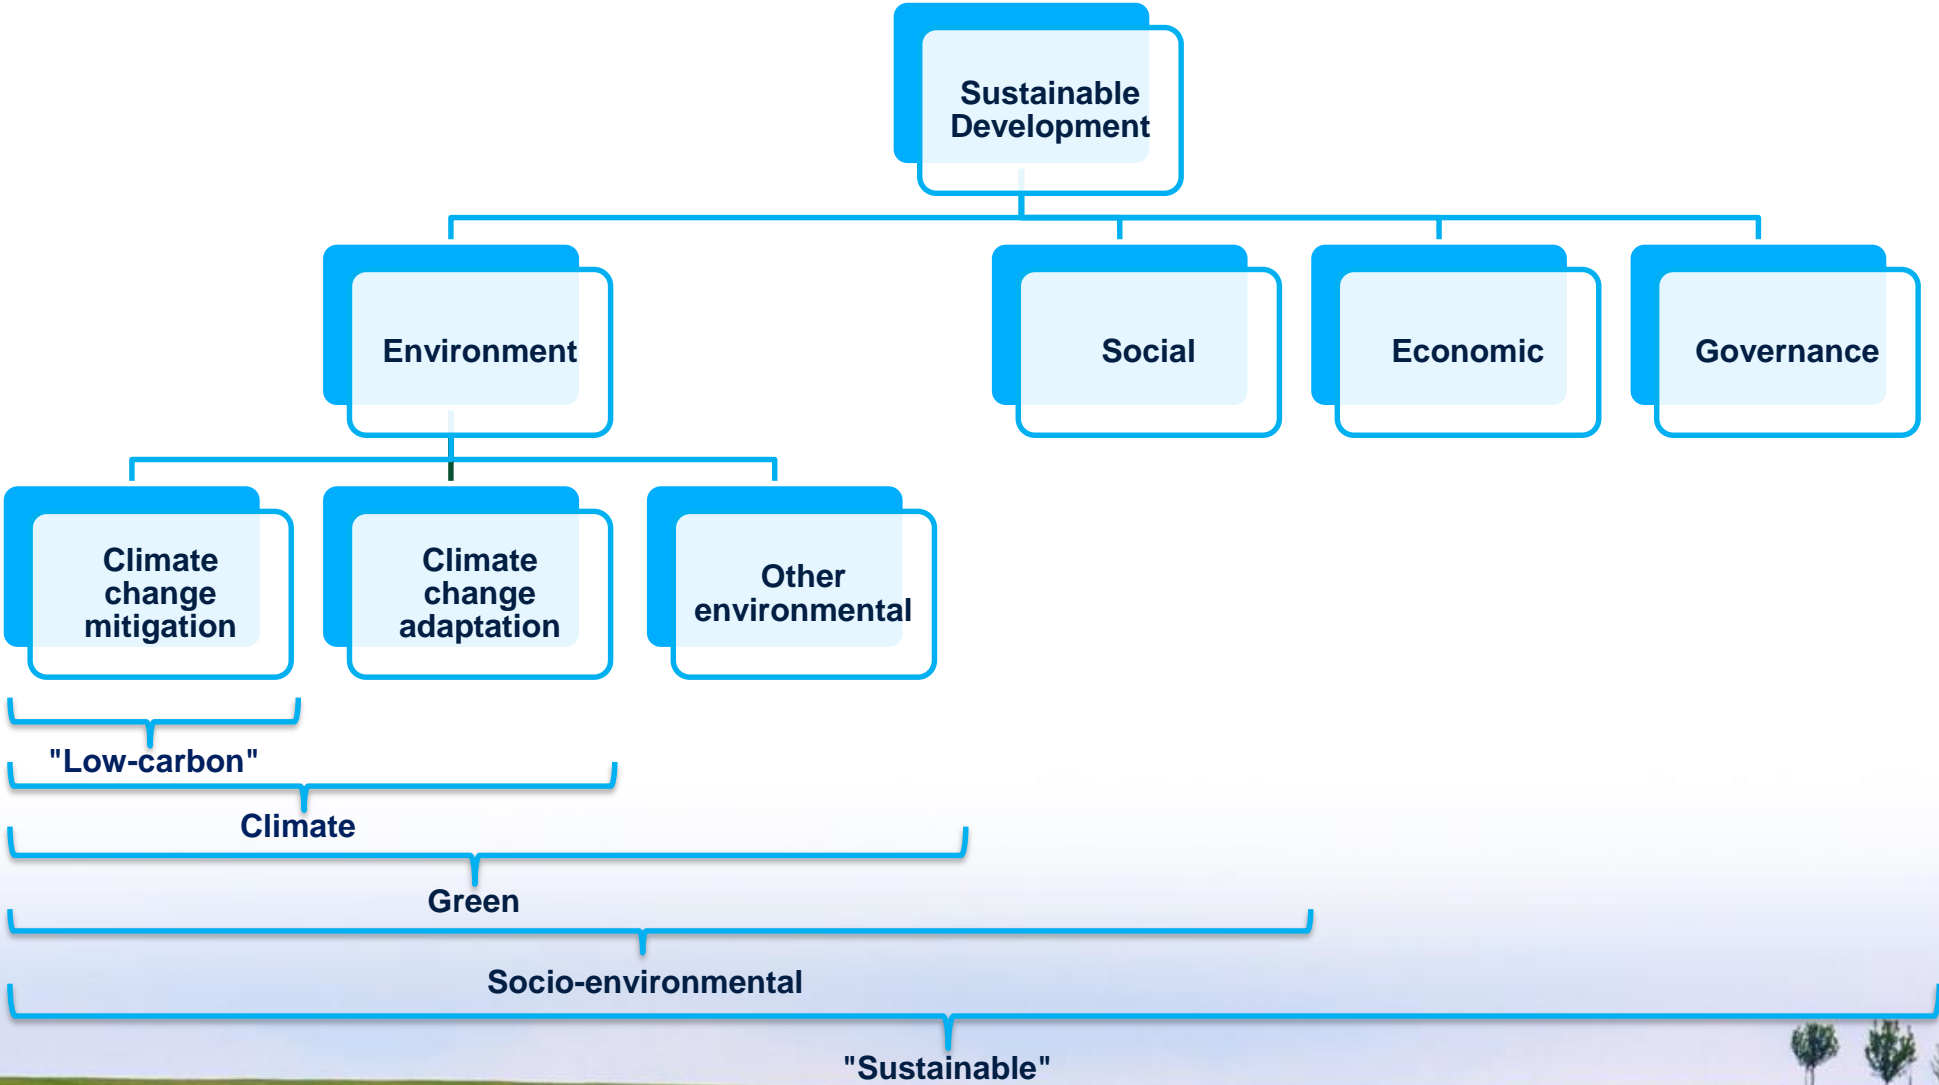

Amundi Planet Emerging Green One

**Banks need policy and
regulatory support for
green finance**

Definitions: Climate → Green → Sustainable Finance

Taxonomies matter – they link actors together and facilitate market development
